

**Cindi Marshall**

Cindi Marshall has been a St. Paul's School parent since 2017, with her son currently in our middle school. She is moved to serve our school as a trustee because of the profound positive impact SPS had not only on her son, but on their family life as well. She hopes to lend support back to St. Paul's through her own expertise and experience in the educational world. Cindi's current professional position compliments that of our own Head of School -- she is the Superintendent/Principal at Lakeside Union Elementary School District in Hanford, a public K-8 school in Kings County. She has also worked as a teacher and instructional coach.
